"Cindy, once again, outdoes herself in this once in a lifetime magical experience. This is more than a photo shoot. The time my daughter and niece got to spend with Santa making toys, checking the nice list, having milk and cookies and helping Santa pack his bag for Christmas are memories they will share for a lifetime. Cindy captured each of these moments in a beautiful personalized storybook and portraits that my family and I will treasure for the rest of our lives." ~Jessica

The Santa experience was an truly amazing experience that my children and I will never forget! It was absolutely magical how wonderful Santa was, he was so patient, so kind and understanding. He ate cookies with my children and he prayed with them!!! It really put the true spirit of Christmas in all of our hearts and brought tears to our eyes! I don't think there is anything like this in the world and my children were on cloud 9 the entire way home! The best part of all is that we have the most beautiful pictures I have ever seen to remember the magic we shared on this beautiful day and a story book that I will one day be able to show my children's children, so they will be able to read about the day their mommies had with Santa!

~Megan

One of the best things I've ever done was the Santa Experience with Studio C and of course, the real Santa.

My grandchildren loved the interaction with Santa and the set up was absolutely beautiful. I've waited years to do this and the pictures are the best part of my Christmas decor each year.

Our storybook is so artful and the story is personalized, it was beyond my expectations! It's an experience that my Grandchildren and I will never forget.

I highly recommend the Studio C Santa Experience to everyone, do it, you won't regret it.
